Dear Colleagues,

The Neuroscience Department of Bambino Gesù Children's Hospital – IRCCS, Rome – Italy with the endorsement of the Commission on European Affairs (CEA), and Italian Chapter of ILAE (Lega Italiana contro l'Epilessia – LICE) is presenting the educational initiative – **“Drug Resistant Epilepsies – 3rd Residential International Course”** that will take place in Tagliacozzo (AQ) in the surroundings of Rome.

The Course is planned from May 8 to 14, 2015.

This course is clinically - oriented, targeted to specialists at the second and third level of epilepsy care and focused on comprehensive aspects of diagnosis and treatment of children and adults with epilepsy. It also includes the basic sciences in clinical epileptology issues, and comprehensive care of patients with epilepsy.

The faculty consists of leading International epileptologists. The faculty members give lectures and conduct interactive case discussions and/or tutorials on relevant aspects of epileptology. The working groups are supposed to be a relevant part of the course.

Specialists in neurology, psychiatry, neuropsychiatry, paediatric neurology, paediatrics, clinical neurophysiology and psychology are welcome to apply.

The course is limited to a maximum of **36 applicants** to allow an optimal level of interaction with the faculty members. Applicants should submit together with the application form, an updated CV, a short abstract with a case report to be discussed during the course, and a recommendation letter signed by his-her head of department or head of research lab.

Registration fee: 1000 Euro + VAT (22%). It includes accommodation in twin room (for whom will request a single bedroom a supplement will be required), meals, social event, full board and

access to all the educational activities (lectures, tutorials, case discussions, working groups), return transfer to Rome at scheduled times.

Bursaries will be applied to a limited number of applicants that fulfill the following requirements:

- Age under 40 years at the time of the Course (8th of May 2016)
- CV and short case report
