

Paediatric Epilepsy Training (PET 1)

Location: MTRH, Eldoret

Date: Friday, 14 June 2024

About

Paediatric Epilepsy Training 1 (PET1) a course on epilepsy, is a one-day course, which will be delivered by Paediatric Neurologists with expertise in epilepsy. PET1 has been developed to improve practice within childhood epilepsies. It's suitable for all health professionals providing primary or secondary level care for children with paroxysmal episodes.
