

Steven Schachter is Professor of Neurology at Harvard Medical School; Chief Academic Officer and Director of NeuroTechnology for the Center for Integration of Medicine and Innovative Technology, Boston; and Senior Neurologist, Beth Israel Deaconess Medical Center, Boston.

Dr. Schachter is Co-Chair of the ILAE Therapeutics Strategies Commission and serves on the ILAE Global Campaign Task Force. He is Past President of the American Epilepsy Society, past Chair of the Professional Advisory Board of the Epilepsy Foundation and a member of the Epilepsy Foundation Board of Directors.

He has directed over 70 research projects involving antiepileptic therapies, and published over 200 articles and chapters. He compiled the 6-volume *Brainstorms* series, which has been distributed to over 150,000 patients and families worldwide, and edited or written 23 other books on epilepsy and behavior. Dr. Schachter is the founding editor and editor-in-chief of *Epilepsy & Behavior*.
