Welcome Message of the 21st Korean Epilepsy Congress in Seoul

Dear Friends and Colleagues,

On behalf of the organizing committee, I would like to extend a warm welcome to all the colleagues attending the 21st Korean Epilepsy Congress (KEC 2016) to be held in Seoul, Korea from June 17th to 18th, 2016.

The scientific program of our annual international congress will cover cutting-edge basic and clinical knowledge and research in the field of epilepsy. It will be an instructive and entertaining experience through presentations from the leaders in the field of epilepsy, including lectures by world-famous researchers, scientists and colleagues from Asia, USA, and Europe.

Seoul is a lively metropolitan area in Korea and the cornerstone to the vibrant culture that exists in the country. The personality of the Seoul can be described as independent, confident, smart, creative, and sincere which I believe makes this city such an ideal place to hold our congress. I hope that all of you will come and sense these aspects of Seoul during your stay.

We invite you to attend and sincerely hope that you will enjoy your time, not only to enrich the specialty of Epilepsy, but also to develop ties and friendships. With high expectations to present you with the most memorable congress, we are very much looking forward to your presence in Seoul in June, 2016.

With my best wishes,

Seung Bong Hong

Seung Bong Hong, M.D., Ph.D.
President, Korean Epilepsy Society (KES)
Chair, Organizing Committee of 21st Korean Epilepsy Congress (KEC 2016)

ABOUT
KEC 2016

- **Congress Title** 21st Korean Epilepsy Congress (KEC 2016)
- **Date** June 17 (Fri) ~ 18 (Sat), 2016
- **Venue** Grand Hilton Hotel, Seoul, Korea
- **Official Language** English & Korean
- **Hosted by** Korean Epilepsy Society (KES)
- **Website** www.epilepsykorea.org

KEC 2016 SCIENTIFIC PROGRAM

Korean Epilepsy Preceptorship Program KEP Program

- Official Language : English
- Date : June 18 (Sat)

The Korea Epilepsy Preceptorship Program (KEP Program) provides those who are studying in the field of epilepsy, including residents and fellows, with updated education and guidance on the research process and knowledge through specific topics. This educational program is organized for adult and pediatric epilepsy as an integrated half-day schedule.

21st Korean Epilepsy Congress Program KEC 2016 Program

- Official Language : English & Korean
- Date : June 17 (Fri) ~ 18 (Sat)

The KEC 2016 is an international meeting and exhibition for those who share the common scientific and clinical interests of epilepsy, clinical neurophysiology and the associated social issues. The meeting offers high-quality educational content across diverse work settings, professional roles and experience levels. There are several categories of comprehensive program:

Plenary & Presidential Symposium - Provide the major impact on the activities at KEC 2016. Topics range from more complex, cutting-edge topics combining basic sciences to practical approaches on clinical epileptology.

Special Interest Groups (SIGs) - Offer a less formal opportunity for attendees with similar interests to explore specific topics [Basic Neuroscience (SIG 1) & Stereotaxic EEG and Related Epilepsy Surgical Approaches (SIG 2)]. Although the sizes of SIG sessions vary, all lend themselves to active participation and dialogue.

Teaching Sessions - Review of the science underlying the topics, reviews of essential clinical practice and discussion of the associated clinical implications using a mixture of educational lectures, clinical vignettes and case presentations.

Parallel & Satellite symposiums - Cover the major educational activities at the KEC 2016. Topics range from clinically oriented presentations reviewing common issues in epilepsy to more complex topics combining basic sciences and clinical neurology and neurosurgery.

INVITED GUESTS

Andrea Bernasconi
David Y. Ko
Francesco Cardinale
Ganeshwaran H. Mochida
Hassan Hosny
Hyunmi Kim

James E. Baumgartner
Jiyeoun Yoo
Jin Hyung Lee
Ki Hyeong Lee
Luan Guoming
Philippe Kahane

Sameer M. Zuberi
Sookyong Koh
Steve S. Chung
Yong D. Park

CALL FOR ABSTRACTS

The KEC 2016 Scientific Program Committee cordially invites you to submit abstracts for the Oral and Poster Presentations.

Abstract Submission Deadline ► April 30 (Sat), 2016

All abstracts should be submitted through the 'On-line Abstract Submission' at the congress website.

www.epilepsykorea.org

REGISTRATION INFORMATION

Early registration (on-line) will be available at the congress website(www.epilepsykorea.org) until May 29 (Sun), 2016. If you miss the early registration, you would be required to register on-site. The KEC 2016 registration fees are as below.

REGISTRATION FEES

Registration	Category	Fee
Early Registration (Until May 29, 2016)	Physician (Regular Member of KES)	USD 100 ----- KRW 100,000
	Resident (Associate Member of KES)	USD 50 ----- KRW 50,000
	Non-member of KES	KRW 120,000
On-Site Registration	Physician (Regular Member of KES)	USD 120 ----- KRW 120,000
	Resident (Associate Member of KES)	USD 70 ----- KRW 70,000
	Non-member of KES	KRW 140,000

ENTITLEMENTS

- Participation in scientific sessions
 - Entrance to the exhibition
 - Luncheons & Congress Banquet
- Congress kit
 - Program book

CANCELLATION & REFUND POLICY

- All refunds will be made after the meeting.
- All bank services charges and all administration fees will be deducted from all congress registration refunds.

Cancellation by May 29	100% refund

KOREAN EPILEPSY CONGRESS 2016

SEOUL KOREA

Seoul has been the capital of Korea for about 600 years. Seoul has developed into a bustling metropolis, acting as the political, economic, social, and cultural hub of the nation. The Han River runs through the heart of the city. The river divides the city in two; the northern part of the city is the focal point for culture and history, while the south part is well known for its business and shopping districts including Gangnam. Seoul has hosted many international events including 1986 Asian Games, 1988 Olympic Games, and the 2002 Korea/Japan FIFA World Cup. The success of these events has shown people that Korea is a truly international city. In Seoul, you can find ancient palaces and royal shrines of the Joseon Dynasty, as well as the Seoul World Cup Stadium, 63 City building, Han River, Mt. Namsan, Insa-dong, Itaewon, Myeong-dong, Apgujeong, and the Namdaemun and Dongdaemun Markets.
