Dear Colleagues,

EpiCARE is a European Reference Network for Rare and Complex Epilepsies and connects 28 expert centres and further 15 affiliated centres in 23 European countries with the aim of aiding the diagnosis and treatment of rare epilepsy patients by utilizing e-tools and cross-country e-consultancy.

EpiCARE launched monthly webinars with topics related to rare and complex epilepsies and research in February 2020. The webinars are held on the third Thursday of the month from 5pm CET. The attendance is free, however previous registration is required.

Please see the list of these online seminars in 2020 below.

We would be grateful, if you could circulate this information within your organization and share the webinar list with your colleagues.

Yours sincerely,

Professor J Helen Cross OBE

EpiCARE ERN Coordinator (2017-2019)

Professor Alexis Arzimanoglou

EpiCARE ERN Coordinator (present)
