

ILAE Asia-Oceania Committee 2021-25 Election Statement

Prof Dr. Lim Kheng Seang,
Consultant Neurologist and Professor,
University of Malaya,
Malaysia

International Roles

I am a trained neurologist from Malaysia and started participating in International League Against Epilepsy (ILAE) and International Bureau Epilepsy (IBE) since 2007, as follows.

1. Subgroup of Psychosocial Aspect, CAO Taskforce of Research, Commission of Asian and Oceanian Affairs, ILAE, 2007-2013.
2. Member, Commission on Asian and Oceanian Affairs, International League Against Epilepsy, 2013-2017.
3. Chair, Research Task Force, Asian-Oceanian Commission, International League Against Epilepsy, 2018-2022.
4. Chair, Research Commission, International Bureau Epilepsy, 2017-2021.

National Roles

In Malaysia, my executive roles in the Malaysian Epilepsy Council (a chapter of ILAE), Malaysian Society of Epilepsy (a chapter of IBE) and Malaysian Society of Neurosciences include: -

1. Council member of Malaysian Epilepsy Council, 2007 till date
2. Committee member, Malaysian Society of Neuroscience, 2012-2014
3. President, Malaysian Society of Neurosciences, 2014-2018
4. Medical Advisor, Malaysian Society of Epilepsy, 2008-2012
5. President, Malaysian Society of Epilepsy, 2015-18
6. Medical Advisor, Malaysian Epilepsy Society, 2018 till date

Education

My participations in ASEPA (Asian Epilepsy Academy) activities started since 2011, as follows.

- Tutor and speaker, ASEPA teaching courses in Malaysia, Philippines, Korea, Pakistan, Bangladesh, Myanmar, China, and Taiwan.
- Examiner for Part I and II ASEPA EEG Examination
- Organising Chairman and Committee Member, ASEPA Teaching Courses, including the 1st Video-EEG Course.

Research

As the chair of the Research Task Force, Asian-Oceanian Commission, International League Against Epilepsy, we have designed a mentor-mentee program to promote regional research collaboration and supervision. We have mentees from various countries including Myanmar, Indonesia, and Vietnam.

Election Statement

With your support, I hope to continue my contribution in the Asian-Oceanian Commission, International League Against Epilepsy, to promote regional epilepsy care and education.
