

Candidate Statement/CV

Professor Reda Ouazzani

I am Doctor Reda Ouazzani Professor of neurology at the University Mohamed V , and trained on neurology in Rabat and clinical neurophysiology in France . I am teaching neurology and clinical neurophysiology and taking care of patients since 1982.

I am the head of clinical neurophysiology Unit in specialities hospital in Rabat , president of Moroccan league against epilepsy . I established two master's degree of clinical neurophysiology (EEG and EMG) since 1998. I participated to « WFN training center » in Rabat where several african sub saharien neurologists have been trained in clinical neurophysiology in my Unit.

I initiated the program of epilepsy surgery in my countrie in 2005, to date hundreds of patients have benefited from this program.

My commitment for ILAE started with the organisation of epilepsy congress of mediterranien leagues against epilepsy held in Marrakech in 2005, then I was in the financial committee (projets evaluation) between 2016 and 2019 , and currently I am member of the board of directors of ILAE-EMR.

I will be honored if I am elected as member of the ILAE-Eastern Mediterranean Committee.

I will do my best to participate in the development of epileptology in our region
