

Following the success of the 15th Asian & Oceanian Epilepsy Congress, the ILAE is hosting the **AOEC Webinar Series** to transform some of the key sessions from the congress into webinars. The webinars will feature the session recording from the congress, followed by a live Q&A with the session chairs and speakers. There will be five sessions in total covering a wide range of topics.

The first session titled the **Chair's Symposium: Inflammation, epileptogenesis and epilepsy** was on 14 May and can be [found here](#)
