

2024 ASEPA Neuropsychology course in epilepsy, Taipei

The 2024 Neuropsychology Course in Epilepsy, hosted by ASEPA, was held in the vibrant city of Taipei. This event gathered a distinguished group of professionals and scholars to delve into the intricacies of neuropsychology in epilepsy. The workshop was a resounding success, marked by engaging presentations, fruitful discussions, and promising collaborations.

The course featured a series of lectures and interactive sessions led by esteemed speakers renowned in their fields. Their expertise and insights gave participants a deep understanding of the current trends and challenges in neuropsychology and epilepsy.

A total of 20 participants appreciated the well-organized event and the depth of knowledge shared. Many highlighted the value of the interactive workshops and the opportunity to network with peers and experts.

Chien Chen, M.D.

ILAE-AO, ASEPA member, 2023-2027
