

DRUG RESISTANT EPILEPSY IN PEDIATRICS (DRE)

presurgical evaluation and surgical procedures, with
special emphasis on **hemispherical disconnection**

 TOLIP GARDENS HOTEL

7 | MARCH | 2024

UNDER PATRONAGE OF

Grand Imam Ahmed Eltayeb

Prof. Salama Dawood
Head of Al Azhar university

Prof. Hussein Abuelgheit
Dean of faculty of medicine
Al Azhar university

Prof. Mahmoud Sedik
Vice president of Al Azhar university

HEAD OF CONFERENCE

Prof. Mohamed Hasan
Prof. & head of Neurosurgery department,
Azhar University

Prof. Mohsen ElKeiy
Prof of Pediatric neurology, Azhar University

CONFERENCE CHAIRMEN

Prof. Mohamed Fathy

Prof. Ahmed Elsawah

Prof. Mostafa Abdelsamie

ORGANISING COMMITTEE

Dr. Alaa Rashad
Dr. Ahmed Nassar

Dr. Ahmed Elkeiey
Dr. Alshimaa S.Othman

Dr. Ahmed Saied
Dr. Hesham Nafea

برعاية قسم جراحات المخ والأعصاب بطب الأزهر

SESSION (1) EPILEPSY IN PEDIATRICS

LECTURE		LECTURER	TIME
REGISTRATION			9:00 AM
1	Seizure types in children	Dr. Ahmed Elkeiy Pediatric epilepsy specialist, Elkeiy Medical center	10:00 AM
2	Seizure semiology in children	Dr. Ahmed Nassar Pediatric MSc, Elkeiy Medical center	10:20 AM
3	Focal but not surgical	Dr. Ahmed Saied Pediatric MSc, Elkeiy Medical center	10:40 AM

PANEL

Prof. Adel Hassnein

Head of neurology & clinical neurophysiology
department - Cairo University

Prof. Mohamed Hassan

Prof. & head of Neurosurgery department,
Azhar University

Prof. Mohsen Elkeiy

Prof of Pediatric neurology, Azhar University

Prof. Nirmeen A.Kishk

Prof. Of Neurology Cairo University
Excutive ILAE-EMR Board member

SESSION (2) PRESURGICAL EVALUATION

	LECTURE	LECTURER	TIME
1	Overview of drug-resistant epilepsy (DRE) & pathway of management	Prof. Nirmeen A.Kishk Prof. Of Neurology Cairo University Excutive ILAE-EMR Board member	11:00 AM
2	Epilepsy surgery; Pediatric versus Adults	Dr. Alshimaa S.Othman Lecturer of neurology, Cairo University	11:20 AM
3	Intra and extra-operative neurophysiological monitoring	Dr. Hisham Nafeaa Assistant lecturer of clinical neurophysiology, Cairo University	11:40 AM
4	Epilepsy imaging for neurosurgeons	Dr. Michael Samir Neuroradiology specialist, Elkiey Medical center	12:00 PM
5	Post-processing & visualisation for Pre-surgical planning - MRI, DTI, rs-fMRI, PET, SPECT	Dr Gopal Krishna Epilepsy surgery & functional neurosurgery consultant, Amrita Advanced epilepsy center	12:20 PM
6	Is SEEG essential in Epilepsy surgery practice in Developing economies - our Indian Experience	Prof. Natesan Damodaran Epilepsy surgery & functional neurosurgery consultant, Amrita Advanced epilepsy center	12:40 PM
COFFEE BREAK			01:00 PM

PANEL

Prof. Ahmed Alnemr
Prof of neurology Military medical Academy

Prof. Mahmoud Abdelmoaty
Professor of neurology, Al Azhar university

Prof. Mohamed Fathy
Professor of Neurosurgery, Head of neurosurgery department , Al Zahraa Hospital

Prof. Saly Elkholy
Professor of clinical neurophysiology- Cairo University

SESSION (3) LESIONECTOMIES

	LECTURE	LECTURER	TIME
1	Tumour versus functional epilepsy surgery	Prof. Mohamed Elbeltagy Professor of Neurosurgery, Cairo University	1:20 PM
2	Frontal lobe epilepsy surgery	Prof. Ahmed Darwish Professor of neurosurgery Ainshams University	1:40 PM
3	Temporal lobe epilepsy surgery	Prof. Alaa Rashad Associate professor of Neurosurgery department, Al-Azhar University	2:00 PM
4	Posterior quadrant lesionectomy	Prof. Mohamed refaat Professor of Neurosurgery department, Al-Azhar University	2:20 PM
5	Algorithm for Epilepsy Surgery: An Egyptian Consensus	Prof. Ahmed Ali Morsy Associate Professor of Neurosurgery, Zagazig University	2:40 PM

PANEL

Prof. Bassem Ayoub
Professor of Neurosurgery - Cairo university

Prof. Hala Alhabashy
Professor of clinical neurophysiology,
Cairo university

Prof. Natesan Damodaran
Epilepsy surgery & functional neurosurgery consultant,
Amrita Advanced

Prof. Nirmeen A.Kishk
Prof. Of Neurology Cairo University
Excutive ILAE-EMR Board member

SESSION (4) PALLIATIVE EPILEPSY SURGERY

	LECTURE	LECTURER	TIME
1	Neuromodulation for DRE	Prof. Walid Abdel Ghany Professor of Neurosurgery, Functional Neurosurgery Ain Shams University, President of Middle Eastern Society for Stereotactic and Functional Neurosurgery	3:00 PM
2	Endoscopic callosotomy	Prof. Mohamed Hassan Professor & head of of Neurosurgery department, Al-Azhar University	3:20 PM
3	Minimally invasive Epilepsy Surgery	Prof. Hussien Hamdy Associate Prof. of Neurosurgery, Tanta University	3:40 PM
4	Functional hemispherotomy in adults	Prof. Bassem Ayoub Professor of Neurosurgery, Cairo university	4:00 PM
5	Functional hemispherotomy in pediatrics	Prof. Ahmed Abd Alaziz Marei Lecture of Neurosurgery, Cairo University	4:20 PM
LUNCH BREAK			4:40 PM

PANEL

Prof. Amani Nawito

Professor of clinical neurophysiology,
Cairo University.

Prof. Ibrahim Ewiss

Professor of neurosurgery, Al Azhar university

Prof. Ahmed Ali Morsy

Associate Professor of Neurosurgery,
Zagazig University

Prof. Reda Albadry

Professor of Neurology, Assuit University

Prof. Salah Hamada

professor of neurosurgery,
Ainshams University

FROM 2 : 7 MARCH

THREE WORKSHOPS WOULD BE ORGANIZED ON
THREE CONSECUTIVE DAYS:

- 1 Pre-surgical evaluation for DRE cases
- 2 Epilepsy Neuro imaging
- 3 sEEG & functional hemispherotomy

FROM 2 : 7 MARCH

EPILEPSY SURGERIES WILL BE HELD IN BAB ELSHERIA HOSPITAL

- 1 Functional Hemispherotomies
- 2 Frontal and temporal resections
- 3 Endoscopic corpus callosotomy.

FOR NEUROSURGEONS WHO WANT TO ATTEND
