

EEG Monitoring Task Force

2021 Annual Report

Highlights

1. We have developed a consensus statement about video-EEG monitoring during the pandemic.
2. The statement was endorsed by the ILAE and IFCN.
3. The paper was published simultaneously in *Epileptic Disorders* and in *Clinical Neurophysiology*:
 - a. <https://www.jle.com/10.1684/epd.2021.1292>
 - b. <https://doi.org/10.1016/j.clinph.2021.05.001>
