Dear Colleagues,

As the Course Directors of "EPIC- 2023, The Epilepsy Colloquium", it is our pleasure to invite all of you to Hyderabad, on May 26th-28th, 2023.

The theme of EPIC 2023 is "Seizure Control and Beyond" and the sessions will try to cover the current status and recent advances in the diagnosis and management of epilepsy globally. We are very glad that several leaders of international epilepsy community will be joining us during these 3 days. We have put together a session plan with a really high academic content. In addition, there will be plenty of opportunity to interact with these experts during and in between the sessions.

We sincerely hope that this event would help in improving the care of epilepsy patients in this part of the world.

Looking forward to see you all in May!
