

## Epilepsia Open Associate Editors

---

### **Eleonora Aronica**

Professor of Neuropathology at the University of Amsterdam (Faculty of Medicine AMC-UvA). Amsterdam UMC, Amsterdam, The Netherlands

Epilepsy-Related Interests: Neuropathology of epilepsy; pathophysiology of epileptogenesis ; developmental disorders; Tuberous Sclerosis.

---

### **Kathryn Davis**

Associate Professor of Neurology, Medical Director of the Epilepsy Monitoring Unit and Epilepsy Surgical Program Hospital of the University of Pennsylvania, Penn Epilepsy Center, Philadelphia PA, USA

Epilepsy Related Interests: Epilepsy, neuroimaging, electrophysiology, epilepsy surgical management.

---

### **Alon Friedman**

Ben-Gurion University of the Negev, Israel. Dalhousie University, Halifax, NS, Canada

---

### **Jan Gorter**

Assistant professor, Dept Cellular and Computational Neuroscience, Center for Neuroscience, Swammerdam Institute for Life Sciences, Faculty of Science, University of Amsterdam, The Netherlands.

Epilepsy Related Interests: Epilepsy, neurobiology, neurophysiology, experimental models.

---

### **Yuwu Jiang**

Chair, Professor of Department of Pediatrics, Director of Pediatric Epilepsy Center, Peking University First Hospital, Beijing, China

Epilepsy Related Interests:

---

### **Nicola Marchi**

Principal Investigator, Tenured Scientist. Cerebrovascular and Glia Research, Institute of Functional Genomics (University of Montpellier, CNRS, INSERM), Montpellier, France.

Epilepsy Related Interests: neuro-glio-vascular dysfunction in epilepsy, blood-brain barrier, inflammation, imaging and blood biomarkers, pre-clinical models.

---

### **Rosa Michaelis**

Neurologist, psychotherapist, mindfulness-based stress reduction teacher Knappschaftskrankenhaus Bochum, Ruhr-University Bochum, Germany

Epilepsy Related Interests: Psychogenic non-epileptic seizures / functional seizures / dissociative seizures, psychiatric comorbidities in epilepsy, psychological treatments for epilepsy, psychoeducation, self-management

---

### **Manisha Patel**

Professor, Department of Pharmaceutical Sciences, University of Colorado Anschutz Medical Campus, Aurora CO

Epilepsy Related Interests: My research is focused on the role of metabolism, redox alterations, brain injury and therapy development in epilepsy.

---

**Piero Perucca**

Associate Professor of Adult Epilepsy, Department of Medicine (Austin Health), The University of Melbourne; Director, Bladin-Berkovic Comprehensive Epilepsy Program, Austin Health, Melbourne, VIC, Australia.

Epilepsy-Related interests: epilepsy genetics, electroencephalography, pregnancy and epilepsy, the pharmacological and surgical treatment of epilepsy, and genomic and electrophysiological biomarkers of epilepsy outcomes.

---

**Ronit M Pressler**

Consultant in Clinical Neurophysiology at Great Ormond Street Hospital for Children, and Associated Professor at the UCL-GOS Institute of Child Health in London, UK

Epilepsy-Related Interests: neonatal seizures, early onset epilepsy, EEG neonates and children, pre-surgical evaluation in children with complex epilepsy.

---

**Jong Rho**

Professor, Neurosciences, University of California San Diego, San Diego, CA, USA

---

**Pasquale Striano**

Pediatric neurologist, Full Professor of Pediatrics, Director of the Pediatric Neurology and Muscular Diseases Unit, IRCCS 'G. Gaslini' Institute and University of Genova, Genova, Italy

Epilepsy Related Interests: genetic epilepsies, precision medicine, neurophysiology of myoclonus, gut-brain-microbiota axis, epilepsy treatment.

---

**Rainer Surges**

Adult neurologist, Professor of Epileptology and Chair of the Department of Epileptology, University Hospital Bonn, Germany

Epilepsy Related Interests: Autonomic function in epilepsy, SUDEP, mobile health technologies and connected healthcare, diagnostics in epilepsy surgery.

---

**Yuping Wang**

Professor, Department of Neurology, Xuanwu Hospital, Capital Medical University, Director, Comprehensive Epilepsy Center of Beijing, Director, Beijing Key Laboratory for Neuromodulation Neurology, Beijing, China

---
