

# The World of Epilepsy: A Professional Women's Perspective

Dr. Suller Marti and her epilepsy research team want to know about the experiences of professional women in the world of epilepsy.

This online volunteer survey takes approximately 10 minutes to complete

Who can take the survey?

Professionals who work in the epilepsy field

Individuals over 18 years old who identify as a woman

Able to read English, French, or Spanish

Visit here to take the anonymous survey:
