

Fundatia RONEP

Epilepsy Summer School

www.conferinta-srie.ro

1-3 September 2022 – Slanic Prahova, Romania

THEMES:

Seizure semiology and Glossary (ILAE 2022)

Epileptic Syndromes Classification (ILAE 2022)

Rare disorders with epilepsy: GLUT-1DS

PROGRAMME

September 1st – Day 1: Definition and classification of seizures and epilepsies

13.00 – 14.00: Participants' arrival, registration, light lunch

14.00 – 16.00: Basic classification concepts of seizures and epilepsies

14.00 – 14.10: Wellcome, introduction – Dana Craiu

14.10 – 14.40: Definition of epilepsy (based on cases) – Adelina Glanher

14.40 – 15.30: Classification of seizures and epilepsies based on cases and video-examples; The concept of epileptic encephalopathies/ Developmental and epileptic encephalopathies – Dana Craiu

15.30 – 16.30: The classification of neonatal seizures and epilepsies – Ronit Pressler (UK)

16.30 – 17.00 – Coffee break

17.00 – 19.00: Classification of Epilepsy syndromes – setting the scene

17.00 – 17.10: Epilepsy syndromes – definition and classification concepts: Cristina Motoescu

17.10 – 17.50: Epilepsy syndromes with developmental and epileptic encephalopathy in infancy – Dana Craiu, Cristina Pomeran, Catrinel Iliescu, Diana Barca

17.50 – 18.30: Etiology-specific syndromes in infancy: Cristina Motoescu

18.30 – 18.50: Take home message based on interactive case-presentations: Dana Craiu

September 2nd – Day 2: Epilepsy syndromes classification

09.00 – 11.00: Glossary of terms in epilepsy ILAE 2022

09.00 – 11.00 – Sandor Beniczky (Denmark) – Seizure semiology: ILAE glossary of terms and their significance with examples –interactive course

11.00 – 11.30 – Coffee break

11.30 – 13.30: Epilepsy syndromes in childhood

11.30 – 12.10: Focal epilepsy syndromes with onset in childhood or with variable onset age with structural etiology: Oana Tarta-Arsene

12.10 – 12.40: Generalized epilepsy syndromes in childhood, adolescence, adulthood: Alice Dica

12.40 – 13.20: Generalized genetic epilepsy syndromes with developmental epileptic encephalopathy: Cristina Pomeran

13.20 – 13.30: Take home message – based on interactive case presentations (recognition and terminology of the epilepsy clinical signs) – Cristina Ghita

13.30 – 14.30 – Lunch break

13.30 – 15.30: Epilepsy syndromes with variable onset age

13.30 – 14.05: Epilepsy syndromes with sleep EEG activation with or without encephalopathy: Cristina Pomeran

14.05 – 14.40: Genetic, structural or genetic-structural etiology epilepsy syndromes with onset at variable ages: Oana Tarta-Arsene

14.40 – 15.00: Self-limited focal epilepsy syndromes with variable onset age: Alice Dica

15.00 – 15.20: Progressive myoclonic epilepsies: Irina Popa (Oane)

15.20 – 15.40: FIRES: Laura Craciun

15.40 – 16.00 – Coffee break

16.00 – 18.00: Classification in epilepsies – take home message based on clinical cases (team)

- EEG role in epilepsy syndromes diagnosis
- are there patognomonic EEG aspects for syndromes/Groups of syndromes?
- Has EEG a role for identifying the etiology?
- What id the role of IRM for the epilepsy syndromes diagnosis?
- What is the role of EEG for the indication/follow-up/treatment discontinuation role
- what is the role of correct syndrome diagnosis for the treatment choice?

September 3rd – Rare Epilepsy syndromes; everything about GLUT-1DS

Coordinators: Carmen Sandu, Elena Buliga (Asociatia GLUT-1), Dana Craiu

Special guests: Dorica Dan (ANBER), Radu Ganescu (COPAC), Prof Dr. Viorel Jinga (UMFCD Rector)

08.30 – 09.00: Neurofibromatosis type 1 – diagnosis/investigations

9.00 – 11.00 – Glut-1 DS

9.00 – 09.30: Phenotype/genotype correlations in GLUT-1DS: Raluca Niculae, Alice Dica, Laura Oprita, Carmen Sandu

09.30 – 10.00: Clinical aspects in GLUT-1DS: Magdalena Matei, Carmen Burloiu, Diana Barca, Carmen Sandu

10.00 – 10.30: Ketogenic diet difficulties in GLUT-1 DS: Carmen Sandu, Carmen Burloiu

10.30 – 11.00: Diagnostic steps in GLUT-1 DS – Dana Craiu

11.00 – 11.30 – Coffee break

11.30 – 12.00: Current recommendations for the management of GLUT-1DS – Carmen Sandu

12.00 – 12.30: What is new for research and treatment in GLUT-1 DS - Carmen Sandu, Alice Dica, Cristina Pomeran, Dana Craiu

12.30 – 13.30 – Press conference – Project “Together MANY for RARE”

13.30 – 14.30 – Lunch break

14.30 – 16.30 – Daily life and perspectives towards adult life in GLUT-1 DS

14.30 – 14.50: Adolescence and GLUT-1 DS – Cristina Cazacu, Dana Craiu

14.50 – 16.30: Future plans in Romania in GLUT-1DS/ rare disorders – Elena Buliga, Dorica Dan, Carmen Sandu, Alice Dica, Cristina Pomeran, Dana Craiu

- Rare disorders associations importance – Dorica Dan - president of the National Rare Disorders Alliance Romania)
- Reserved subject – Radu Ganescu - president of the Coalition of Patients Associations of Chronic Disorders from Romania
- Reserved subject – Marian Balan – parent – Dravet Syndrome
- Ketogenic diet importance and daily life difficulties – Buliga Elena –Glut-1 Asociatia Rebe & Luca
- Answers to the questions of patients with GLUT-1 DS
- Practical issues
