

EPILEPSIA Associate Editors

Simona Balestrini, MD, PhD

Associate Professor of Child Neurology, Consultant Neurologist, Meyer Children's Hospital IRCSS; UCL Queen Square Institute of Neurology, Firenze, Italy

Epilepsy related interests: Genetics, neurophysiology

Heinz Beck, MD, PhD

University Professor, Director, Institute of Experimental Epileptology and Cognition Research, Bonn University, Bonn, Germany.

Epilepsy related interests: Cellular mechanisms of epilepsy, cellular mechanisms of cognitive deficits, mechanisms of pharmacoresistance

Gregory D. Cascino, MD, FAAN, FANA, FACNS, FAES

Whitney MacMillan, Jr., Professor of Neuroscience, Mayo Clinic Alix School of Medicine, Enterprise Director of Epilepsy, Mayo Clinic, Rochester, MN, USA

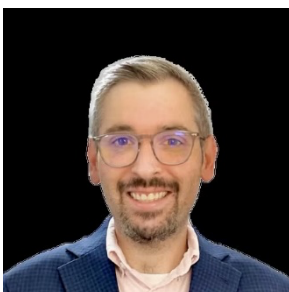

Epilepsy related interests: Epilepsy surgery, neuroimaging in epilepsy, clinical neurophysiology, long-term video-EEG monitoring

Dario J. Englot, MD, PhD, FAES

Vice Chair of Neurological Surgery and Director of Functional Neurosurgery, Vanderbilt University Medical Center, Nashville, TN, USA

Epilepsy related interests: Brain networks, neuroimaging, intracranial EEG, epilepsy surgery

Patrick A. Forcelli, Ph.D.

Fleisch-Cohen Professor & Chair, Department of Pharmacology & Physiology, Georgetown University, Washington, D.C., USA

Epilepsy related interests: Antiseizure medications, pregnancy, neonatal seizures, aging, comorbidities, rodent models, brain stimulation, circuitry

Barry E. Gidal, PharmD, FAES

Professor of Pharmacy. University of Wisconsin School of Pharmacy, Madison, WI, USA

Epilepsy related interests: Adult epilepsy, ASM Pharmacokinetics / pharmacodynamics

Martin Holtkamp, Prof, PhD

Professor in Epileptology at Charité - Universitätsmedizin Berlin; Medical Director of Berlin-Brandenburg Epilepsy-Center. Berlin, Germany

Epilepsy related interests: Epidemiology, pharmacotherapy, epilepsy surgery

Nathalie Jette, MD MSc FRCPC FAAN FAES FANA

Professor and Department Head Clinical Neurosciences, University of Calgary, Calgary, AB, Canada

Epilepsy related interests: Health services research, epidemiology, systematic reviews, critical care EEG, scoping reviews, population-based studies, health outcomes research, epilepsy surgery outcomes

Cecilie Johannessen Landmark, PhD, MScPharm

Professor and Medical Advisor, Dept of Pharmacy, Oslo Metropolitan University and National Center for Epilepsy, Oslo University Hospital, Oslo, Norway

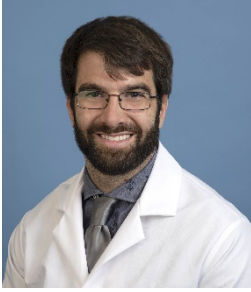

Epilepsy related interests: Clinical pharmacology, pharmacokinetics, therapeutic drug monitoring, interactions, precision medicine

Mark R. Keezer, MDCM, PhD

Associate Professor (clinical) in the Department of Neurosciences and Adjunct Professor at the School of Public Health of the Université de Montréal Centre hospitalier de l'Université de Montréal, Montreal, QC, Canada

Epilepsy related interests: Epidemiology, comorbidities, tuberous sclerosis complex, cardiovascular disease, transition

Wesley T. Kerr, MD, PhD

Assistant Professor of Neurology & Biomedical Informatics. Pittsburgh, PA, USA

Epilepsy related interests: Clinical trials, data science, machine learning/artificial intelligence, clinical data, functional (nonepileptic) seizures

David Loring, PhD

Director of Neuropsychology and Professor of Neurology and Pediatrics at Emory University, Atlanta GA, USA.

Epilepsy related interests: Presurgical evaluation, cognitive and behavioral effects of ASMs, equity in service delivery

Aileen McGonigal, MBChB, PhD

Clinical Director, Epilepsy Unit Mater Hospital and The University of Queensland Brisbane QLD, Australia

Epilepsy related interests: EEG, stereo-EEG, seizure semiology

Rikke S Møller, PhD

Professor of Epilepsy Genetics; head of Department of Epilepsy Genetics and Personalized Medicine, Danish Epilepsy Centre, Filadelfia/University of Southern Denmark, Dianalund, Denmark

Epilepsy related interests: Epilepsy genetics; precision medicine.

Heidrun Potschka, PhD

University Professor, Ludwig-Maximilians-University Muenchen, Munich, Germany.

Epilepsy related interests: Preclinical pharmacology, drug resistance

Georgia Ramantani, MD, PhD

Head of EEG/Epilepsy Service, Dept of Neuropediatrics, Children's Hospital Zurich, Zürich, Switzerland

Epilepsy related interests: Epilepsy surgery, DEEs, neonatal seizures, EEG-/ MRI-biomarkers

Andreas Schulze-Bonhage, MD

Head, Epilepsy Center, Epilepsy Center, University Medical Center, University of Freiburg, Freiburg, Germany

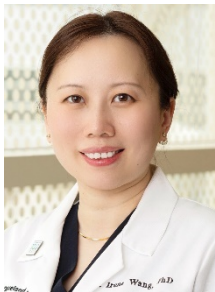

Epilepsy related interests: Presurgical monitoring, neuromodulation, clinical neurophysiology

Kette D Valente, MD, PhD

Full Professor in Pediatric Neurology, University of São Paulo, São Paulo. Brazil

Epilepsy related interests: Pediatric epilepsy, developmental and epileptic encephalopathies, evidence synthesis in epilepsy (systematic and scoping reviews), non-seizure outcomes, outcome measurement in pediatric epilepsy, epilepsy-associated comorbidities and developmental multimorbidity

Zhong Irene Wang, MD

Research Director and Professor of Neurology, Epilepsy Center, Neurological Institute, Cleveland Clinic, Cleveland, OH, USA

Epilepsy related interests: Structural and functional neuroimaging, MRI post-processing, Machine/deep learning, Ultra-high-field MRI, Quantitative MRI, Epilepsy surgery, Noninvasive diagnostic methods, Malformation of cortical development, Magnetic source imaging, Multimodal integration.

Elysa Widjaja, MD, MPH, PhD, MBA

Division Head of Neuroradiology Ann & Robert H. Lurie Children's Hospital Chicago, IL, USA

Epilepsy related interests: Health services research, health economics, outcomes research, epidemiology, MRI

Jo Wilmshurst, MD

Head of Pediatric Neurology at Red Cross War Memorial Children's Hospital, a tertiary teaching hospital under the University of Cape Town, Cape Town, South Africa.

Epilepsy related interests: Pediatric epilepsy, training and education, access to care in resource limited settings, guideline implementation
