

Online Lecture Program

ILAE School on Neuroimaging 2026

Friday, 6th March 2026

	LECTURES	Speaker
Afternoon 14:00 - 15:30 h CET	14:00 - 14:20 MRI Physics and Epilepsy Protocols	David Carmichael <i>King's College London</i>
	14:30 - 14:50 MRI in children	Felice D'Arco <i>Great Ormond Street Hospital</i>
	15:00 - 15:20 Finding the lesion	Jörg Wellmer <i>University Hospital Ruhr</i>
30 min Coffee break		
Afternoon 16:00 - 17:30 h CET	16:00 - 16:20 Connectivity analysis: Lesion network mapping in epilepsy	Frederic Schaper <i>Brigham and Women's Hospital</i>
	16:30 - 16:50 MRI negative Epilepsy	Theodor Reuber <i>University Hospital Bonn</i>
	17:00 - 17:20 Spectrum of epileptogenic lesions - TLE	Fernando Cendes <i>University of Campinas</i>
Keynote 17:30 - 18:30 CET	17:30 - 18:30 Neuroimaging in Status Epilepticus	Giorgi Kuchukhidze <i>University Hospital Salzburg</i>

Friday, 13th March 2026

	LECTURES	Speaker
Afternoon 14:00 - 15:30 h CET	14:00 - 14:20 EEG and MEG based source analysis: yield for presurgical work-up	Stefan Rampp <i>University Hospital Erlangen</i>
	14:30 - 14:50 PET & SPECT: when helpful, when not; recommended standards	Wim Van Paesschen <i>University Hospital Leuven</i>
	15:00 - 15:20 fMRI: usefulness for language and memory assessment	Vicky Morgan <i>Vanderbilt University</i>
30 min Coffee break		
Afternoon 16:00 - 18:00 h CET	16:00 - 16:20 MRI postprocessing: nice to, or must have?	Irene Wang <i>Cleveland Clinic</i>
	16:30 - 16:50 Spectrum of epileptogenic lesions - ETLE	Lorenzo Caciagli <i>University Hospital Bern</i>
	17:00 - 17:20 DTI in Epilepsy	Luis Concha <i>National University of Mexico</i>
